Suggest each week like following (until such time you are no longer working):

Week 1	Cash	Where
MC check	350	at NW - Aspen
DW check	450	at CoNat
MC ATM	200	Different places each time
	1,000	

Week 2		
MC check	400	at CoNat

Ship one period by postal overnight, next time UPS - preferably Glenwood - that way only once a month from each service.

Packaging always the same, by the way.

I assume you are doing so already, but if not, charge plenty of other things on MC & DW cards. And, if you need to use ATM for your personal cash needs, then take out whatever odd amounts you need. All this will disrupt a pattern.

When you pay your MC bill every month, it will include amounts from the checks you cashed that month.

The following fax contains the numbers to date. Obviously, destroy these pages.

You seemed surprised last month when I mentioned the "interest." Hopefully, you have thought it through and realized that you shouldn't be getting interest on someone else's \$. It was mine when it was earned, except both yours and mine were unavailable to us for a couple months. The only reason there was interest was the policy provided for it between day one, and when they finally paid. Fortunately, it was a good rate. If I would have got mine the next day, then I would be collecting interest at my own bank.

Again, regarding taxes on the interest according to your name, you will receive it at the end of the year - or the end of the payout.

You are going to have to deal with having your investment decisions known & questioned by Joy, Hugh, etc. - unless you are comfortable not letting them, or anyone, keep you on a string. It should be just you and your accountant - and, if you choose to have your money managed, that person or institution.

The \$ Ron "earned"

Balance = 1990

	Transfer	Interest	Owed	Yearly	Paid	Total
		@	400,000			
1996		4.00%	375,000	(25,000)		-25,000
January - 97	-2,000	1,232.88	374,233			
February	-7,740	1,230.35	367,723			
March	-7,740	1,208.95	361,192			
April	-7,740	1,187.48	354,640			
May	-7,740	1,165.94	348,066			
June	-7,740	1,144.33	341,470

August	-9,200	1,097.40	325,690			
September	-7,740	1,070.76	319,021			
October	-7,740	1,048.84	312,330			
November	-7,740	1,026.84	305,616			
December	-7,740	1,004.77	298,881			
				-89,660		-114,660

Ron's \$400K share
Of the \$2 million
Insurance payout

What did Ron do to "earn" his \$400K?
